

An offspring of **EASTON FARMERS' MARKET**, the **WEST WARD MARKET** provides a **social gathering space** for all, connecting the neighborhood around locally focused, fresh food and handmade products, music, activities, and a celebration of community. The mission of the **WEST WARD MARKET** is to provide **fresh, high-quality food products** directly to the consumer while striving to support local agriculture as well as West Ward businesses. The WWM seeks to address food insecurity and equity in the neighborhood, providing economically accessible food products.
